Rainbow Ridge Publishing, United States, 2013. Paperback. Condition: New. Revised. Language: English . Brand New Book. Join a group of enlightened extraterrestrials, who extend an invitation through their contactee, Lisette Larkins. They tell us that they are here now and offer to help us along the way as we gently shift toward a peaceful future. The first edition of Talking to Extraterrestrials was first published in 2002. Since that time the author has had repeated contact with these ETs, and developed a broader spiritual perspective that she shares in this revised and expanded second edition. While earlier she struggled with the emotional fallout from her encounters, this expanded text now focuses on the promise of humanity's betterment as a result of embracing our true spiritual power as creative beings. Only by recognizing our innate abilities can we effectively design the experiences we desire. Our universal neighbors describe the way they relate to each other, raise their children, and conduct their peaceful society. They inspire us to become fully empowered, creative beings adept at manifestation. They explain why they have not yet landed on the White House lawn, but that our expanding spiritual readiness will soon allow clearer evidence of their presence here. Lisette Larkins offers us a glimpse into a way of being where we too can create the life of our dreams, and become adept at magically producing whatever is needed to thrive. They inspire and challenge us to perceive of ourselves and them as neighbors within the same community of families and to accept our responsibility as self-reliant masters of creation.
