## Game On!: Gamification, Gameful Design, and the Rise of the Gamer Educator (Hardback)

By Kevin Bell

JOHNS HOPKINS UNIVERSITY PRESS, United States, 2017. Hardback. Condition: New. Language: English . Brand New Book. The changing student body in American higher education demands a new approach to teaching, one that moves toward inclusive, hyperpersonalized learning environments that have much in common with games and social media. Kevin Bell's Game On! presents dynamic case studies of gamer educators and game-derived techniques to help instructors creatively formulate their own teaching strategies. Breaking gamefully designed classes into their component parts, Bell analyzes what these classes are actually doing and explains why they work. He offers faculty a rubric to assess their own courses for their propensity to engage students, particularly those from low socioeconomic and high-risk populations. Bell explores how game design, pedagogy, and intrinsic motivators can level the playing field to produce rigorous learning environments that are as addictive to all participants as the latest apps and social media systems. He also discusses best practices, lays out the broader context of computer-mediated teaching and learning, and considers the challenges and opportunities that gamification presents. Instructors would do well to consider the key tenets of successful games if they are to engage and graduate the coming generations of learners. Bell s...
