Provide opportunities for many types of both dispersed and developed recreation activities, experience levels 2 and 3. 4. Designate ORV trails in the unit. 5. Intensively manage timber on best sites of the mixed hardwood and cove types. GAULEY RIVER (Unit 15) A. General Description The unit contains the headwaters of the Gauley River and the lower portions of the Williams River. Total area is 83, 600 acres, and National Forest ownership totals 21, 500 acres. In recent years the private land in the headwaters of the Gauley has been heavily timbered and strip mined. These activities have contributed tremendous amounts of sedimentation. The sedimentation has severely damaged some of the native trout fishery in the headwater streams and the warm water fishery of the Gauley River. The portion of the Williams River in the unit also supports a warm water fishery. The Gauley River is also the municipal water supply for many small towns downstream. Hunting is the major recreation use in the unit. Some private campgrounds have recently been developed. Camp Caesar Organizational Camp is administered under a special use permit. Timber types in the unit are predominantly Northern Hardwoods with Spruce at the higher elevations and oak types in the lower elevations. Important wildlife game species in the unit are black bear, turkey, deer, snowshoe hare, and grouse. B. Policies 1. Purchase private land on a willing seller basis and rehabili-tate to improve water quality. 2. Wildlife management priority will be: (a) black...
