The purpose of this book is to help the reader get a better understanding in Hearing the Voice of God. God, since the beginning of time, has wanted to and still does communicate with man. When God first put man and woman in the Garden of Eden, He would come in the cool of the evening to communicate with man. It was not to check on the progress of the work that the Lord had left them to do. It was only to have fellowship with them. God still wants that ongoing fellowship today. God still has a great plan for men and women today and God wants us to know His plan for our lives. God still speaks today. My prayer and hope is that as you pass through the pages of this book, you will be able to hear the voice of God and understand His will for your life. God Bless you on your journey to Hearing the Voice of God.
