All participants appreciated highly the immense editorial work done by the Congress President Dr. Rodrigues Alves and the Secretary, Doctor Carlos Parsloe, Hospital Samaritano, Sao Paulo, Brazil. The 10 panels of the World Congress created much interest. Not only the scientific committee, but also many anaesthesiologists all over the world requested that a report of these discussions on remarkable points of interest be made available. The editors of Anaesthesiology and Resuscitation therefore collected all material available.
