Createspace Independent Publishing Platform, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.This book provides an important look at the evolution of the United States of America. It is broken into five parts: the prehistory and history of our country, an analysis of the major changes in the last 50 years, where the United States of America is now, and what the future will be for our nation. Since the early 1960s, something has dramatically changed in the deepest levels of American society. After the brief period of Pax Americana in the 1950s, it seemed as if some invisible switch was flipped in the heart of the United States, and the very fabric of the nation began quickly unraveling. And while those challenges are daunting, there is really no reason why they cannot be overcome. America has faced and defeated similar challenges before - she only needs the will and the vision. A marvelous trust, a country like no other in the history of mankind has been entrusted to us. A country where we have had the freedom to grow and thrive, to be free to achieve our full potential, to shape the futures of our children and grandchildren - that is what is at stake. If we fail to do our duty, we shall be judged...
