AUTHORHOUSE, United States, 2007. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Why Do Men Have Nipples? has been written to uncover the truth about human creation and thought processes. The book provides interesting facts and asks thought provoking questions which in many cases makes the reader discard the programming in their computer brain and take a new look at life and re-program the brain. The book contains some points that will make the reader laugh and ask the question why do humans behave the way we do and think the way we think? The book uncovers the human being as an electronic device capable of mental and physical actions associated with human made electronic devices. Enjoy the read. Love thy neighbour Michael.
