

An American Scientist: The Autobiography of Gabor A. Somorjai (Hardback)

By Gabor A Somorjai

Archway Publishing, 2013. Hardback. Condition: New. Language: English . Brand New Book. As a young man, Gabor Somorjai couldn't have known he would one day be forced to flee his native Hungary. But upheaval in Europe during and after World War II led him to the U.S. where he immersed himself in science and soon began building a research group at one of the powerhouses of scientific discovery. The timing couldn't have been better. The Sputnik wakeup call that triggered the huge influx of government support for scientific research in the second half of the 20th century bolstered fundamental research programs like the one Somorjai established at the University of California, Berkeley, and Lawrence Berkeley National Laboratory. Key discoveries in his field—surface science—led the way to advances in catalysis know-how that underpin today's energy storage and transformation technology and safeguard the environment. By revealing the unique ways microscopically thin layers of atoms and molecules control the chemistry and physics of surfaces, modern surface science also spawned rapid development in microelectronics, high-power computing, and communication and information technology. But the scientific impact of the field that Professor Somorjai shaped doesn't end there. Key discoveries in surface science...
