

Insertion of Te across Carbon-halogen bond at room temperature : Oxidative Insertion of Elemental Tellurium into the Csp³ Br/I Bonds

Filesize: 9.58 MB

Reviews

This publication is wonderful. Better than never, though I am quite late in starting to read this one. I am very happy to tell you that here is the best book we have read through in my personal daily life and could be the finest PDF for actually.

(Ms. Sydnee Lesch)

INSERTION OF TE ACROSS CARBON-HALOGEN BOND AT ROOM TEMPERATURE : OXIDATIVE INSERTION OF ELEMENTAL TELLURIUM INTO THE CSP³ BR/I BONDS

[DOWNLOAD PDF](#)

LAP Lambert Academic Publishing, Taschenbuch. Condition: Neu. Neuware - A general survey of oxidative insertion reactions of metals into Carbon halogen bond of organic halides together with an overview of the relevant work in case of elemental tellurium described in the literature is presented in Chapter 1. In Chapter 2 describes details of the chemicals used, preparation of the precursors, general experimental procedures wherever pertinent and characterization techniques used to determine molecular stoichiometry and structure of the newly synthesized compounds. In Chapter 3 deals with our efforts to explore single-step method of obtaining functionalized diorganotellurium(IV) dihalides directly from an organic halide and the element. Besides the expected facile oxidative insertion of Te(0) into Csp³-I bond of the acylmethyl iodides to afford carbonyl functionalized diorganotellurium(IV) diiodides, α -bromoketones that bear t-butyl or mesityl group with pronounced +I and steric effects, also added oxidatively to elemental tellurium even at room temperature and provided a direct synthetic route to obtain symmetrical diorganotellurium(IV) dibromides in almost quantitative yields. 120 pp. Englisch.
