Brand New Book ***** Print on Demand *****.Excerpt from *The Influence of Defective Physique and Unfavourable Home Environment on the Intelligence of School Children, Vol. 8: Being a Statistical Examination of the London County Council, Pioneer School Survey* The Francis Galton Laboratory is issuing in parts at short intervals a collection of published and unpublished family pedigrees, illustrating the inheritance in man of mental and physical characters, of disease and of abnormality. Students of heredity find great difficulty in obtaining easy access to material bearing on human inheritance. The published material is voluminous, scattered over a wide and often very inaccessible journalistic area. The already collected although unpublished material is probably as copious, but no central organ for its rapid publication in a standardized form exists at present. The Eugenics Laboratory alone possesses several hundred pedigrees of family characteristics and diseases which it is desirable to make readily accessible. Many medical men possess similar material, and there is a growing desire among genealogists to pay more attention to family characters and supplement the merely nominal pedigrees current in the past. For a publication of this kind to be successful at the present time, it should be entirely free from controversial matter. The Treasury of Human Inheritance will therefore contain no reference to theoretical opinions. It will give in a standardized form the pedigree of each stock. This will be accompanied by a few pages of text describing the individual members of the stock, giving references to authorities, and, if the material has been published, to the locus of original publication. When necessary the characteristic will be illustrated by photography or radiography. In this way, it is hoped in the course of a few years...
