

## Human Genome Project and the Future of Health Care

---

By -

Indiana University Press. Hardcover. Book Condition: New. Hardcover. 264 pages. Dimensions: 9.8in. x 6.7in. x 1.1in. The volume deserves our serious attention. The authors have provided us an invaluable primer about the HGP and its implications for the future of American health care. Jurimetrics This book does make a real contribution. . . in explaining why the genetics revolution holds so much promise and why it is so difficult to bring that promise to fruition. The Journal of Legal Medicine. . . marked by a forward-looking, analytically and empirically grounded thematic coherence. The editors carefully crafted template and contributions successfully focus and organize the material. Annals of Internal Medicine Excellent Canadian Medical Association Journal The editors have done a very good job integrating the contents into a very useful and readable information source. Choice. . . this highly focused book is a well-written, thoughtful, and insightful consideration of the HGP and is valuable reading for anyone concerned with the future of our countrys medical infrastructure. Science Books and Films (Highly recommended) A distinguished group of scientists, lawyers, and scholars have written a coherent, readable account of the legal, medical, ethical, and policy issues many (if not all) of us will be wrestling with on both...
