About this book Many people look for ways to earn money at home, in their spare time or for a second career. If you are one of these people, this book will show you a way to make money while working from home, without falling victim to one of the many faulty work-at-home schemes. There are many small businesses that still don t have websites, or are in need of new websites. With the advancement of WordPress, it is now possible for anyone without computer coding skills to design sophisticated and elegant websites. So this is an opportunity for anyone who is willing to put in a little time to learn this skill, to be able to provide this design service to others. Without needing to learn any computer coding, this book guides you through the entire process, with step-by-step instructions. Beginning with the selection of a hosting company, the book goes through the setup process of an automated WordPress installation. But the WordPress installation is only the very beginning of the process. The key to any successful WordPress...
