NEXT-GENERATION HOMELAND SECURITY: NETWORK FEDERALISM AND THE COURSE TO NATIONAL PREPAREDNESS (PAPERBACK)

Naval Institute Press, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book. Security governance in the second decade of the 21st century is ill-serving the American people. Left uncorrected, civic life and national continuity will remain increasingly at risk. At stake well beyond our shores is the stability and future direction of an international political and economic system dependent on robust and continued U.S. engagement. Outdated hierarchical, industrial structures and processes configured in 1947 for the Cold War no longer provide for the security and resilience of the homeland. Security governance in this post-industrial, digital age of complex interdependencies must transform to anticipate and if necessary manage a range of cascading catastrophic effects, whether wrought by asymmetric adversaries or technological or natural disasters. Security structures and processes that perpetuate a 20th century, top-down, federal-centric governance model offer Americans no more than a single point-of-failure. The strategic environment has changed; the system has not. Changes in policy alone will not bring resolution. Charting the origins and development of borders-out security governance into and through the American Century, the book establishes how an expanding techno-industrial base enabled American hegemony. Turning to the homeland, it introduces a borders-in narrative--the convergence of the functional disciplines of emergency management, civil defense, resource mobilization and counterterrorism into what is now called homeland security. For both policymakers and students a seminal work in the yet-to-be-established homeland security canon, this book records the political dynamics behind the creation of the Department of Homeland Security, the impact of Hurricane Katrina and the ongoing development of what is now called the Homeland Security Enterprise. The work makes the case that national security governance has heretofore been...
