Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Have you actually loved and lost someone who you loved more than your own life, or you have an understanding that transcends centuries of loves gained and lost. Where did you get that wisdom . I read The Three Stories through and was touched by someone looking for more than just the facade of love, for something much deeper, something found deep in the spirit, much more powerful, something that cannot be contained or controlled, ..something that has you in its grip, have you really experienced this or was it just a lucky guess or something you gathered from reading the writings of others You took me on a journey through your soul the loneliness and searching for what s missing from you, for that which makes you feel whole and completes you to finding it and the intimate experiences of your heart and soul all the way to the unspeakable pain of losing it and having your soul return to the hell it was in before finding what you were looking for.the difference now is you KNOW what you had and the true cost of living without it.all you can do is hope to find it again or while away the time until the two of you can be together again.Reading her story is where I learn how loneliness without love effects both of you reading How Many Roads, how connected the two of you really are when I read This Thing Called Love, and maybe the only place you can be together is in spirit after her death, hence It s Impossible.to say it was poignant sounds really precious.it doesn t even scratch the surface.I cried reading it, read it...
