

Scrum Management: The Agile Practitioners Survival Guide (Paperback)

By Jean-Gael Reboul

Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Agile is obviously not the new kid in town. Your company has very likely already embraced some type of Agile methodology, when it comes to product development. You may as well have read several books or training materials about Agile. But, was the material effective? Was the material sufficient to successfully apply Agile to your projects? In 2014, 49 of all Agile projects failed! Forty-nine percent! Why such a high failure percentage, you may wonder? This is due to the fact that people are struggling to understand the principles of Agile. In other words, companies are still learning how to integrate Agile into their environment, culture, and product development processes. But, are they ready to fully adopt Agile and its values? Truth is, we don't know! And you are left with no choice but search for answers in the thousands of online articles and books written about Agile, and Scrum. The thing is, who has the time to spend countless hours going through the obsolete and useless to figure out what would actually work for you, your team, and your...
