The mighty Wolfen of Valkeryn, descendants of the canines of the era of man, have ruled for many millennia. But now their kingdom has fallen to the monstrous hordes and the remaining Wolfen scattered. Arnold Arn Singer, a youth from the past and perhaps the last human being alive on the planet, finds himself cast into this maelstrom of chaos and horror. ?He seeks answers to the missing Ancients mankind itself.? But back in his time the world continues to destabilize. The portal through which he fell is destroying the planet. The portal must be closed. Arn holds the key, and our world and its future is at stake.? Colonel Marion Briggs leads a team of Special Operations soldiers into the distant future, fully armed and with one order bring back Arn or his body. But there are more dangers in this strange and beautiful world than anyone knew. More horrors dwell in the deep jungles, below the inland seas and deep below the earth. There are things that can change the shape of two worlds, tear at sanity, and stretch friendships and loves to the limit.? Valkeryn is an epic adventure that spans worlds and time itself.
