Reviews

The book is fantastic and great. it was writtern really perfectly and useful. I discovered this pdf from my i and dad suggested this book to learn.

(Dr. Cordie Upton III)

THE EXTRACTIVE ZONE: SOCIAL ECOLOGIES AND DECOLONIAL PERSPECTIVES (PAPERBACK)

Duke University Press, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book. In *The Extractive Zone* Macarena Gomez-Barris traces the political, aesthetic, and performative practices that emerge in opposition to the ruinous effects of extractive capital. The work of Indigenous activists, intellectuals, and artists in spaces Gomez-Barris labels extractive zones-majority indigenous regions in South America noted for their biodiversity and long history of exploitative natural resource extraction-resist and refuse the terms of racial capital and the continued legacies of colonialism. Extending decolonial theory with race, sexuality, and critical Indigenous studies, Gomez-Barris develops new vocabularies for alternative forms of social and political life. She shows how from Colombia to southern Chile artists like filmmaker Huichaqueo Perez and visual artist Carolina Caycedo formulate decolonial aesthetics. She also examines the decolonizing politics of a Bolivian anarcho-feminist collective and a coalition in eastern Ecuador that protects the region from oil drilling. In so doing, Gomez-Barris reveals the continued presence of colonial logics and locates emergent modes of living beyond the boundaries of destructive extractive capital.
