Brand New Book ***** Print on Demand *****.Excerpt from National Council of the Pottery Industry: Second Report, in Regard to the Appropriate Education of Persons Occupied or Interested in the Pottery Industry, July, 1920 The First Report presented by the Research, Inventions and Designs Committee with regard to appropriate education for those engaged or likely to be engaged in the pottery industry dealt with the education of the juvenile pottery worker so far as Elementary Schools and Compulsory Day Continuation Schools for young persons up to 16 years of age, were concerned. The present Report completes the survey of suitable education for young persons up to 18 years of age, and makes certain suggestions for further education. Your Committee have borne in mind the importance of preserving the position that education should develop the individual in all desirable directions: not aim merely at producing technical ability. They recognise clearly that whilst character is of fundamental importance to everybody in the industry, technical instruction though it may be of advantage, is not necessary for each individual. The first question within the scope of this Report...
