Createspace, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.The Agency for Healthcare Research and Quality (AHRQ) is pleased to release the 2006 National Healthcare Disparities Report (NHDR) on behalf of the U.S. Department of Health and Human Services (HHS) and in collaboration with an HHS-wide Interagency Work Group. Like previous reports, the 2006 NHDR also received significant guidance from AHRQ leadership and AHRQ's National Advisory Committee. This fourth annual report to Congress provides a comprehensive national overview of disparities in health care among racial, ethnic, and socioeconomic groups in the general U.S. population and within priority populations and tracks the progress of activities to reduce disparities. The NHDR tracks disparities related to quality of health care and access to health care. Measures of health care quality address the extent to which providers and hospitals deliver evidence-based care for specific services as well as the outcomes of the care provided. They are organized around four dimensions of quality- effectiveness, patient safety, timeliness, and patient centeredness-and cover four stages of care-staying healthy, getting better, living with illness or disability, and coping with the end of life. Measures of health care access include...
