

## Analog Filters in Nanometer CMOS

By Uhrmann, Heimo / Kolm, Robert

Condition: New. Publisher/Verlag: Springer, Berlin | This book presents recent results in the development of analog filters in nanometer CMOS. It describes methods for successfully dealing with nanometer devices and includes numerous detailed circuit diagrams and plots of measured results. | Starting from the basics of analog filters and the poor transistor characteristics in nanometer CMOS 10 high-performance analog filters developed by the authors in 120 nm and 65 nm CMOS are described extensively. Among them are gm-C filters, current-mode filters, and active filters for system-on-chip realization for Bluetooth, WCDMA, UWB, DVB-H, and LTE applications. For the active filters several operational amplifier designs are described. The book, furthermore, contains a review of the newest state of research on low-voltage low-power analog filters. To cover the topic of the book comprehensively, linearization issues and measurement methods for the characterization of advanced analog filters are introduced in addition. Numerous elaborate illustrations promote an easy comprehension. This book will be of value to engineers and researchers in industry as well as scientists and Ph.D students at universities. The book is also recommendable to graduate students specializing on nanoelectronics, microelectronics or circuit engineering. | Analog Filters.- CMOS Technology.- Operational Transconductance Amplifiers (OTAs).- Gm-C Filters.-...

### Reviews

*This type of book is almost everything and helped me hunting forward and more. I was able to comprehend almost everything using this published e pdf. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

-- **Edwardo Ziemann**

*This sort of book is every little thing and made me searching ahead and more. Sure, it is actually play, nonetheless an amazing and interesting literature. You wont feel monotony at whenever you want of the time (that's what catalogs are for relating to in the event you ask me).*

-- **Gavin Bosco IV**
