

Arithmetical Physics, Vol. 1: Acoustics, Light, and Heat, Degree and Honours Stages (Classic Reprint)

Filesize: 4.73 MB

Reviews

Great eBook and beneficial one. Yes, it is actually play, nevertheless an amazing and interesting literature. I found out this book from my i and dad recommended this ebook to understand.
(Jessyca Lubowitz I)

ARITHMETICAL PHYSICS, VOL. 1: ACOUSTICS, LIGHT, AND HEAT, DEGREE AND HONOURS STAGES (CLASSIC REPRINT)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Arithmetical Physics, Vol. 1: Acoustics, Light, and Heat, Degree and Honours Stages The series of books with the above titles originated in a collection of exercises that were prepared by the author, and published many years ago. From mere exercises with illustrative examples these books, while retaining their individuality, have become more and more converted into text-books. The plan of each is the same. A series of descriptive lessons is given, and each lesson contains illustrative examples fully worked out. By means of carefully graduated questions, the student is exercised in the phenomena and laws which have been treated in the lessons, while at the end of each book is a miscellaneous collection of questions (with answers appended) selected from the papers of various examining bodies. I believe the method of teaching adopted in these books to be a sound one. Some critics feel alarmed when a book has examination questions in it; but just as fire is a good servant or a bad master, so examination questions are good or bad, according to whether we keep them subordinate or allow them to take first place. To a conscientious teacher nothing can be sadder than to see a student who, with muddled mind and half-knowledge, pores over old examination papers, picking up rules here and there to help him in their solution. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work.
