For as long as I can remember my curiosity has been aroused by reports of the unusual and unexplainable. Religious texts and artifacts depicting various types of flying machines, pyramids and massive stone structures are explained away by the use of thousands of slaves hauling massive blocks of stone up one half mile long ramps. They are stones that were quarried using impossibly primitive tools to tolerances that could not be duplicated today. Ancient drawings and carvings of flying machines are described as inept pictures of birds. And what of enormous drawings visible only from the air created well before the time Christ? Or how is it possible that the frozen remains of a mammoth could be found in the Arctic with the undigested remains of its last meal still in its stomach. Precious Serpent is a fictional story of the life of the High Priest, Lan of a long forgotten religion. He accidentally stumbles upon an a thousand year old underground library with books written in an unknown tongue. Laborious translation reveals that everything he has been taught including his beliefs in...
