

Never Were (Paperback)

Filesize: 8.2 MB

Reviews

This pdf is very gripping and fascinating. We have read and that i am certain that i am going to going to read once more again in the future. Once you begin to read the book, it is extremely difficult to leave it before concluding.
(Burnice Cronin)

NEVER WERE (PAPERBACK)

Never Were Publications, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Have you ever asked yourself questions such as these: Is human existence ultimately an endless race? Do we exist in perpetual competition with everyone else in the global economy? Is this the highest vision of humanity that we can attain? If you are one person in seven billion, can you make any difference at all, or are you so insignificant that your contribution won t count? Is it fundamental human nature to consume natural resources endlessly? Is our species destined to use up this planet eventually? Will the world in 100 years be better or worse than the world today? Most people are aware of the world s dwindling supplies of fossil fuels, fresh water, arable land, and other natural resources. Many people believe that climate change will radically alter our world for the worse. We all understand that we will need to change the way we live, sooner or later, if we are to inhabit this planet indefinitely. The only question is, when? Will our generation change our behavior, or will our children or grandchildren have to deal with the mess we leave them? Will it be too late by then? Okay, all right, I know what you re thinking - blah blah blah, this guy s trying to give me a giant guilt trip, and I just don t have time for that crap. Who cares about a hundred years from now? I ll probably be dead by then. And anyways, I m only one person. How much difference can I possibly make? Well, my friend, you re absolutely right. No one can make you care about something. No one can force you to read a book. But...
