A C Black Publishers Ltd, United Kingdom, 2012. Paperback. Condition: New. Language: English . Brand New Book. A book for parents full of quirky and unusual activities to stimulate their children - ideas which come from lateral, left-field, out-of-the-box thinking. It is certainly not the type of activity book that shows you how to make a rabbit mask out of a paper plate! This book throws all the rules out of the window about how to entertain children and makes up new ones. It finds fun where there seems to be none in everyday activities and approaches life with a fresh attitude and a sense of adventure - and perhaps just a tiny hint of mischief! It gets our children to experience the world in new, unobvious ways instead of following the crowd all the way to the multiplex or the Fun farm with ride-on tractors that swallow pound coins. As the activities in the book cost nothing - or next to nothing - it also shows parents that when their children are groaning that they are bored, they don t have to chuck money at it. Instead they can create from scratch ways to engage their children which are more fulfilling and inspiring.
