Praise for the Pareto System, Featured in Breakthrough Business Development. I am just beside myself on the results gathered so far from instituting the Pareto System. I use an agenda for meetings now and have formulated a standard package given to new clients. Already I have sent out twenty thank-you cards to new referrals. I even got a referral from a referral if that makes sense. Some clients didn't know that I was still expanding my business. I am also finding advocates that I didn't classify as such. Opening twenty accounts in this short time span is amazing but already I have another ten leads in the pipeline. You guys were right, it does work. We have been building client relationships for 45 years. . . Pareto Systems successfully helped us to pause and then guided us through the process of defining the appropriate business structure and systems which will strengthen and enhance our best client relationships. We are now focusing on a comprehensive, systematized program for select clients. The results have been amazing-client satisfaction is way up and so are revenues.
