Notion Press, Inc., 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Struggling to teach your child? This Book is for you IF . you are at your wits end while teaching your kids. .you believe that there must be a more creative way to teach. .you are willing to invest a little more time to learn techniques to make learning fun for your kids. .you truly believe that children are more intelligent than us. It is easy for a child to ensure laser like focus while playing or when engaged in something of his/her interest. A child does not need to learn to concentrate and focus. He is a natural at it! The real problem statement is, therefore, not how to increase a child s ability to concentrate. It is in fact how to revolutionize our teaching methodologies to match the energy and enthusiasm of a child. This is what this book is all about.
