Reviews

This ebook may be worth a read, and far better than other. It is among the most incredible ebook i have read. You will like the way the article writer publish this publication.

(Candace Raynor)

EL PALACIO, VOL. 14: MARCH 1, 1923 (CLASSIC REPRINT) (HARDBACK)

Forgotten Books, 2017. Hardback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from El Palacio, Vol. 14: March 1, 1923 The temple is built of lava rock, none of it hewn or surfaced. The lava was simply broken up into slabs with stone hammers and pieced together, the chinks being filled out with smaller pieces. There is no indication of mortar, cement or plaster. The center of the truncated cone was filled with sand. On top of the truncated cone there were found four clay platforms crowned by a stone altar in horseshoe form. The accumulated debris between the four platforms indicated a gradual filling in after each had been abandoned indicating that they were not part of the same edifice. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
