

## The American Nightmare: Politics and the Fragile World Trade Organization (Paperback)

By Thomas A. Hockin

Lexington Books, United States, 2003. Paperback. Condition: New. Language: English . Brand New Book. As a participant in and negotiator of NAFTA and the World Trade Organization, Thomas A. Hockin provides a unique insider s look at the political challenges to free trade and U. S. trade policy. In this timely and important book, Hockin explores the fragile ecosystem of multinational trade alliances in the face of insurgent political protests from both the left and the right. The American Nightmare takes a close look at WTO obstacles such as the failure of member countries to follow dispute settlement arrangements; the conflict surrounding the membership of China; and, the mercurial administration of trade law in the U.S. Hockin makes a convincing case for the current incoherence of American trade policy, warning of a possible collapse of the world economy if the WTO s ability to settle disputes becomes further frustrated. With lucid analysis of the systemic problems involved in free trade and thoughtful possible solutions to them, The American Nightmare is a clarion call for policy makers and a thought provoking read for those of us on the sidelines.
