

## A Scientific Guide to Practical Cutting, Vol. 1: Every Style of Garment to Fit the Human Form (Classic Reprint)

By William Glencross

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from A Scientific Guide to Practical Cutting, Vol. 1: Every Style of Garment to Fit the Human Form In introducing this, my third work on cutting, I do it with renewed could deuce, looking at it from Reason s standpoint, its basis being established upon the immaculate principles of philosophy and common sense, which will at once be its best recommendation to all thinking minds, who have either studied or taken an interest in how to fit the human body in all its various forms, and also to give it that character for artistic beauty of style, and elegance in its appropriateness to the structure to be suited, which is the ambition of all artistic cutters. There are many cutters, or students of the art, who have not as yet come op to the high standard here referred to, having paid but little attention to the cause-and-effect principles of the art, a strict observance of which can alone cultivate and improve the mind in that which it is essential for it to know, and fully understand...
