By Irational, V M

Mute Publishing Ltd, United Kingdom, 2014. Paperback. Condition: New. Pml Book Series ed.. Language: English . Brand New Book. This book is a psychoarchaeological reconstruction of an art collective, , who existed in the times of the internet. The material reconstituted here was derived, after s disappearance, from multiple requests for data from their archived art server. These requests, made by post, were submitted by the author, V.M., to an unidentified and unreliable Data Auditor, using a Secure Access Protocol. It is rumoured that access to the archive was securitised by because it contains highly sensitive, possibly incriminating, data. The psychoarchaeologist s reconstruction reveals a cultural organisation that satirised, resisted and internalised the libertarian yet bureaucratic tendencies of a surveillance society, and its obsession with data privacy, security and property. The trail runs cold as the group made its retreat into the woods from a world that was disintegrating. Part of the PML Books series. A collaboration between Mute the Post-Media Lab.
