Sheila Siddle s life changed forever on one fateful day in 1983 when a local game ranger brought a battered, malnourished chimpanzee to the door of her cattle ranch in central Zambia and asked her to do whatever possible to save it. As Sheila and her husband, David, nursed the young chimp they would name Pal back to health, they cared for him as if he were a human infant - feeding him medicine and bottled milk, sharing their bed with him at night, and carrying him on their backs until he regained the strength to survive on his own.
