

Cardiac Imaging: Illustrated Clinical Cases (Paperback)

By Shahid Hussain, Jonathan Panting, Jun Kiat Teoh

Taylor Francis Inc, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book. There are many modalities available to image the heart and this variety and number of scan types can prove to be daunting to radiologists and cardiologists. In addition, there are the numerous devices, stents, valves and other paraphernalia which are employed in the management of cardiac disease, which need to be recognised and identified when interpreting any of these various scans. Containing 75 challenging clinical cases and illustrated with superb, high quality images, Cardiac Imaging covers a wide range of cardiac imaging problems from basic radiographic cases to more challenging and esoteric cases involving echocardiography, cardiac MRI, cardiac CT and myocardial perfusion imaging. The book uses an accessible format for quick assimilation. It remains an invaluable text for all radiology and cardiology professionals in practice and in training, from hospital-based doctors preparing for higher examinations to established physicians in their continuing professional development.
