Reviews

Simply no words to explain. It really is basic but shocks from the fifty percent of the ebook. I am just happy to explain how this is the finest pdf we have read within my personal life and could be the best ebook for possibly.

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Music Notation and Terminology The study of music notation and terminology by classes in conservatories and in music departments of colleges and normal schools is a comparative innovation, one reason for the nonexistence of such courses in the past being the lack of a suitable text-book, in which might be found in related groups clear and accurate definitions of the really essential terms. But with the constantly increasing interest in music study (both private and in the public schools), and with the present persistent demand that music teaching shall become more systematic and therefore more efficient in turning out a more intelligent class of pupils, it has become increasingly necessary to establish courses in which the prospective teacher of music (after having had considerable experience with music itself) might acquire a concise and accurate knowledge of a fairly large number of terms, most of which he has probably already encountered as a student, and many of which he knows the general meaning of, but none of which he perhaps knows accurately enough to enable him to impart his knowledge clearly and economically to others. To meet the need of a text-book for this purpose in his own classes the author has been for several years gathering material from all available sources, and it is hoped that the arrangement of this material in related groups as here presented will serve to give the student not only some insight into the present meaning of a goodly number of terms, but will also enable him to see more clearly why certain terms have the meaning which at present attaches to them. About the Publisher Forgotten Books publishes hundreds..
