Createspace Independent Publishing Platform, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.The Torture Magic series accelerates as Special Operations must integrate a new member, young Geneva Kane from Maine. But Geneva isn't new to the paranormal. Granddaughter of Gerald Kane, hero of World War II, her family lineage brings her great power and insight. This is quite a contrast from poor Jennifer Saunders. Trapped in a parallel world, Jennifer finds she suddenly must integrate her seven alters or face imminent death. A soul survivor, she must also deal with the souls of her deceased friends, Anissa and Oscar. They both want to rescue her from her catatonic state via an integration. Integration is the process by which a person with Dissociative Identity Disorder comes merges the alters with the Host. Integration is also the process Special Ops uses to bring aboard new members. Jennifer and Geneva each face their own forms of integration. But contrary to surface appearances, dealing with dynamic British agent Colin Ridgeway and stubborn southerner Tripper O Sullivan may make Geneva's integration much more difficult than Jennifer's!
