Mass Media, 2009. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.A GRAND UNIFIED THEORY has been pursued by Humankind since antiquity. Our knowledge is forever growing and changing, with each individual adding a piece to the evolving puzzle. Contained herein are more pieces to that puzzle. Such as the detailed spiral nature of the magnetic field too often viewed only 2-dimensionally and superficially. Or the cumulative nature of the propagation of energy density. Both insights to why there is so much Dark Matter and why light acts as a wave and a particle. This book presents a new lens through which to look at all of this knowledge man has collected. From the clouds of electrons to the plasma of galaxies, the model presented sheds new light on many unanswered whys of the material world and opens many new possibilities to materials engineering as well as efficient energy generation and control. First published privately in 2009, the author has since been encouraged to share the work publicly after being introduced in early 2017 to the work of Walter Russell. The author never knew of Mr. Russell and upon reading his work, the author believes that he has independently and unknowingly clarified and expanded upon what Mr. Russell was presenting. You Decide! Over 100 Full Color Images! (Dear reader, please forgive the high price! Full Color is VERY expensive, the author makes less about a dollar on each book in extended distributions, please consider the Full Color E-book for a more cost effective solution. Sincere Thanks for your Purchase!).
