A Manual of Natural Philosophy: Compiled from Various Sources and Designed for Use as a Text-Book in High Schools and Academies

By Professor of English and Comparative Literature John Johnston

Createspace, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****. A Manual of Natural Philosophy was a high-school textbook (physics) published in 1853 and includes 320 illustrations from engravings. PREFACE TO THE FIRST EDITION The compiler of the following pages deems no apology necessary for offering to the public another work on Natural Philosophy. Of the several works on this subject now before the public, and with the same general design as the present, each one, no doubt, possesses its own peculiar excellencies, and is adapted, more or less, to aid in advancing the great cause of education; but in the multitude of seminaries of learning, of different grades, in our country, considerable variety in the text-books used is absolutely necessary. Without claiming for the present work, therefore, superiority in every respect over others that have appeared before it, it is believed that an appropriate place will be found for it, as an assistant in promoting the cause of general education. As the work professes to be only a compilation, little or nothing that is new or original is, of course, to be expected in it;...
