Reviews

This type of book is every thing and made me seeking forward and more. It is amongst the most awesome publication we have go through. Its been developed in an exceptionally straightforward way and it is only soon after i finished reading this ebook by which actually altered me, alter the way i believe.

(Mrs. Serena Wunsch)

LEARN TO DRAW CHINESE.COM (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2011. Paperback. Condition: New. Sio to Lou (illustrator). Language: English . Brand New Book ***** Print on Demand *****.Chinese writing practice worksheets to assist in learning to recognize, write, and learn the meaning of many Chinese characters. After completing these practice worksheets, writing and recognizing characters will become much easier. There are many websites and software applications to use for learning how to write and draw Chinese characters, but using a mouse or tracing with a finger on a touch pad will not correctly train how to write the characters with a pen or pencil in hand. After scouring the Internet to find quality worksheets for writing Chinese characters, we could not find any that were acceptable. Many practice worksheets we found did not have an English translation or a Chinese pronunciation guide. Other books use computer fonts that do not have accurate character strokes, all characters in this workbook have been individually hand drawn by a native speaker to show correct stroke placement, in a font that beginners will find easy to duplicate.
