

## Patterns of a Network Economy

By Johansson, Börje / Karlsson, Charlie

Condition: New. Publisher/Verlag: Springer, Berlin | Network economics is a new, rapidly developing field. In this volume theoretical and empirical contributions are collected, each deals with different aspects of the network economy. The book assesses networks as a complement to pure market relations and studies innovation networks and strategic alliances among innovative corporations. Product differentiation and specialization in reciprocal networks are emphasised as a strategy of sustainable development. The book presents econometric methods of barrier and network analysis, including communication and trade patterns. | 1.
