By Ernst Krause, William Sweetland Dallas, Charles Robert Darwin

CAMBRIDGE UNIVERSITY PRESS, United Kingdom, 2009. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.The author of this life of Erasmus Darwin, published in 1879, is given as Ernst Krause (1839-1903) a German biologist, but in fact more than half the book is a preliminary notice by Charles Darwin, who explains in the preface that he has written it because of his access to family papers which add to the knowledge of Erasmus Darwin's character . Krause wrote his original article in a German periodical because, in turn, he was intrigued by a reference made by Charles Darwin in the later editions of *On the Origin of Species* to his grandfather's anticipation in his *Zoonomia* (also reissued in this series) of Lamarckian theory: I thought immediately . that this ancestor of his must certainly deserve considerable credit in connection with the history of the Darwinian theory. The German text was translated by W. S. Dallas, who had previously collaborated with Darwin as both indexer and translator.
