THE DEATHWORLD CHRONICLES

Createspace. Paperback. Condition: New. Tom Noel-Morgan (illustrator). This item is printed on demand. 368 pages. Imagine a place so lethal that life-expectancy in the wilderness is no-longer than a day. Imagine a place riddled with earthquakes and killer storms, toxic fumes and poisonous spores. Imagine a place where every living, breathing thing is either a potential predator or a virulent parasite. Now imagine that place being wrought with unimaginable beauty. Deathworld Chronicles will take you to a paradise where were the aliens. There, where the wanting, the oppressed and the unwanted seek a fresh start and a new life away from the scrutiny of the stark Tudor Regime, the Intergalactic Hunters Club is the only thing that stands between man-eating predators and the settlers from Earth. To those who have braved the nine-year crossing to make Terra Nova their home, the lush paradise planet is nicknamed Deathworld. But there is more than meets the eye on Terra Nova and the jungles and caves of the lonely continent of Pangaea hide secrets the new denizens of the planet were not meant to learn. In the brutal planetary ecosystem, nothing is exactly what it seems. Take a journey through the natural and manmade perils of Terra Nova in this re-edited collection of short stories that are as independent as they are interconnected around a staggering background theme. This item ships from La Vergne, TN. Paperback.
