Are you diligent, resilient, tenacious, optimistic and flexible? If so, you've got a little grit in your craw, as they say in the South. In other words, you have what it takes to succeed. Actually, we all have those eight strengths, but we don't always know how to harness them and put them to work for us. Grit in Your Craw can show you how to do just that. All you need is a willingness to dig deep and a commitment to achieving your highest goals. Not sure you're up to the task? Robert Luckadoo shows how even ants can be tenacious and mules have no trouble displaying diligence. In stories from his own experience, he recounts how confidence led him to a top-15 finish as a rookie race-car driver at Daytona and how, as a college softball coach, he relied on discipline to lead his team out of the cellar and into contention. By drawing a clear line between each of the eight strengths and its payoff, he provides plenty of incentive to choose the path of greatest potential. Are you willing to tap your inner discipline and stop wasting an hour of work time every day if it means making \$375,000 more over your lifetime? Are you willing to work on your confidence and flexibility if it means happy clients, great word of mouth, a healthy career and all-around improved quality of life? Well, where there's a will .Grit in Your Craw offers the gift of perspective. Once you see how the eight strengths covered in this book translate to success, your expectations of yourself will grow and you'll be in position...
