Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from **Diamond Jeweler: A Full Assortment of Diamonds and Fancy Colored Gems, With and Without Mountings, Constantly on Hand** Diamonds occur in nearly all colors, the three shades most in demand being blue white, steel white, and pure white. The steel white has no perceptible color, but their lustre resembles that of polished steel. They are rare Indian stones and always obtain fancy prices. A blue white stone has only the faintest tinge of blue. The most complete collection of colored diamonds in the world is in the Vienna Museum. Their order in regard to rarity and value is as follows: blue, red, green, White, olive, black, fire colored, yellow. The blue diamond when perfect in color, which must be darker and unlike the soft vel vety shade of the sapphire, is the rarest of precious stones, and has only been found in the mines of India. A coal black diamond weigh ing 350 carats, was exhibited at the World s Fair in London, in 18 51, as a great curiosity. It was so hard that it resisted every effort made to polish it. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
