Forgotten Books, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from The Wisconsin Archeologist, Vol. 17: December, 1918 Juneau County, in central Wisconsin, is a center in several aspects. Near the geographical center of the state it is also in the broad central valley of the Wisconsin and in that weird portion of the Driftless Area where the castellated sandstone buttes stand like huge watch towers scattered over the sand plain. Its Geologic features furnish very cogent explanation for its unusual richness in archaeological remains. Its area is within the broad belt of Potsdam sandstone that encircles the nucleus of crystalline rock that forms the Arch aean highlands of north Wisconsin. On the west and southwest the high plateau, the cut and jagged remnant of the old pene plain thrusts long fingers and dendritic cut tablelands out to ward the river valley while in the fresh peneplain that covers the north and east portions of the county the branches of the Wisconsin and their tributaries are cutting a new dendritic pattern in the level terrace. The erosion of hundreds, if not thousands, of feet of over lying rock beds has left..
