Threshold Editions. Paperback. Condition: New. 496 pages. Dimensions: 9.0in. x 5.8in. x 1.2in. How well do we really understand Barack Obamas vision for our country In this controversial New York Times bestseller, veteran journalist and commentator Stanley Kurtz presents an exhaustively researched expos of President Obamas biggest secretthe socialist convictions and tactical ruthlessness he has long swept under the rug. Culling together two years of investigations from archives and never-before-tapped sources, Kurtz makes an in-depth exploration of the presidents connections to radical groups, explains how modern stealth socialism continues to influence the Democratic Party, and proves that Obamas youthful infatuation with socialism was not just a phase. Those ideas have shaped his political views and set the groundwork for the long-term strategy of his administration. Eventually, in Obamas hands, capitalist America could come to resemble a socialist-inspired Scandinavian welfare state. The fears of Obamas harshest critics are justified: our Commander-in-Chief is a Radical-in-Chief. Now that we know the truth, what does it mean for our future This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
