

Right Brain Dolch Pre-Primer Sight Word Cards

By Dianne Craft

Child Diagnostics, Inc. / Dianne Craft, 2015. Softcover. Book Condition: New. A new teaching product for struggling learners! Do you have students who are struggling to memorize their sight words? Stop the struggle! Students effortlessly learn to read and spell these basic words because the imagery on the words causes it to stick in their long term memory. This unique learning technique shows the students how to use their internal "camera" to take a picture of the word. This enables them not only to remember the name of the word, but also to SPELL the word from memory. Many of your students will easily spell the word forwards and backwards, although this isn't necessary. This has often been called a "universal learning method" because it is so easy to use for even the most struggling learner. It helps students tap into their natural photographic memory. Dianne Craft has made these 22 sight word cards with the unique "imbedding" technique that make them so easy to remember for our population. These colorful cards are available in sets by Dolch grade level: Pre-Primer (40 cards), Primer (52 cards), First Grade (41 cards), Second Grade (46 cards), and Third Grade (41 cards). Teacher...
