## OSTEOARTICULAR INJURIES DUE TO ELECTRICAL AGGRESSION

Osteoarticular injuries due to electrical aggression

LAP Lambert Academic Publishing Feb 2016, 2016. Taschenbuch. Condition: Neu. Neuware - Electrical discharges can be severe, destructive and disabling injuries, leading to extensive skin and soft tissues damages, as well as infrequently, but overlooked various osteoarticular lesions, such as long bone fractures, spine fractures, joint dislocations, very deep burns, osteonecrosis and heterotopic ossification of soft tissues. Therefore, all practitioners involved in the management of the electrocuted patients need to be informed and to take account of the possibility of...
