Susan Steiner, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Decades ago, nearly 80 million Boomers came in together with similar energy, dreams and visions for a better world. They bonded in their youth and laid the groundwork for what they could become later in life. Boomers are in now reaching their full spiritual, mental, emotional, psychological power. This is a generation who knew how to dream together. How can they remember and reclaim those dreams as they approach and enter retirement? In an easy-to-use combination of essays and thought-provoking questions, this book provides a process for reclaiming that energy, creating an intentionally meaningful retirement regardless of one s financial situation, and becoming a living legacy for those who follow. As Boomers, dreamers, pathfinders we can know the answers if we ask the deep questions. Enlightened Retirement gives you those questions to find your unique answers.
