By Maurice G Mehl

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Quarterly Bulletin, the University of Oklahoma: University Studies; New or Little Known Reptiles From the Trias of Arizona and New Mexico With Notes on the Fossil Bearing Horizons Near Wingate, New Mexico The present work consists of a series of papers on new or little known reptiles from the Triassic of New Mexico and Arizona, and includes a brief description of the geology and lithology of the Triassic fossil bearing horizons near Fort Wingate, New Mexico. As indicated, the second paper was prepared jointly by M. G. Mehl and G. M. Schwartz. The paper by Mr. W. C. Toepelmann was prepared under the supervision of Mr. Mehl who accepts all responsibility for the figures and statements. The Triassic vertebrate collections of the University of Chicago and the University of Wisconsin were very generously placed at the disposal of the senior author of this bulletin. The Wisconsin material was collected in Arizona and New Mexico as indicated on the following pages, by the University of Wisconsin Paleontological Expedition of 1914 under the direction of M. G....
