HarperCollins Publishers. Paperback. Book Condition: new. BRAND NEW, The Shape of Shit to Come, Alan McArthur, Steve Lowe, We've seen the future. And it's shit. From the authors of the mega-selling *Is It Just Me or Is Everything Shit?* Once, we were promised a sci-fi future that never arrived. But what if it really is on its way now? *The Shape of Shit to Come* takes a funny tour of the future taking shape before our eyes - a future of sex robots, hotels in space, kids making their own pets with gene-splicing kits and people planning, for real, how they can turn themselves into hyper-intelligent genetically enriched cyborg immortals of the future. Because these things are happening. As of yet only the geeks are talking about this stuff. But is that wise? Shouldn't we all be getting with the programme? Otherwise we're leaving the future of humanity in the hands of people who ride scooters indoors.
