Brand New Book ***** Print on Demand *****.Excerpt from The Problem of Race-Regeneration These Tracts might have been called New Tracts for New Times, since they interpret the signs and prophecies of a new world in the making, demanding the application of loftier ideals, more widely embracing principles, and surer methods of advance than have hitherto prevailed. They do not merely deplore and combat the manifest evils of the past and the present changing conditions, but reveal the foundations of a richer civilisation. The era of destructive criticism, of improving material environment alone, of lavish care for a short season of the unfit merely to turn them adrift at the critical age, of reliance upon forms and drugs, hospitals and penitentiaries, police and prisons and upon unfettered liberty to correct its own abuses, is mercifully passing away. We are living in a transition period, but nearer the future than the past. The wonderful nineteenth century seems already to have become history, and the first decade of the twentieth century has closed. The new spirit of the age, which appeared in wondrous guise on the horizon at the watch of the centuries, is becoming articulate. It is evident to all who possess the historic vision that we are living in the twilight before the dawn. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
